

Mpower1 International

WE GIVE COMPANIES THE WAY FORWARD

Mpower1 is an international operation specializing in business recovery, creation and development. Headquartered in the United Kingdom with offices worldwide, Mpower1 is able to call upon an unrivalled combination of experience in management, sales, marketing and support to provide a unique Business 'Mpowerment' service for high-tech companies.

Mpower1 calls upon a highly experienced team of directors, senior level employees, investment capital and it's global infrastructure to deliver an extensive knowledge of many international markets, the experience to manage the unexpected or unwanted and the necessary network of contacts around the world to achieve time after time accelerated growth or recovery of technology companies.

Although Mpower1 has substantial funds in its own right, it also has access to various avenues of venture capital. Mpower1's unique combination of investment, infrastructure, experience and management ensure that an investment of any kind is an investment in a sound future.

'MPOWERING' MULTIVALUE

Mpower1 is fast becoming the investment leader in the MultiValue marketplace since first creating jBASE International in 2002. In the last six years, Mpower1 has carved out a solid worldwide presence adding an additional three companies to its stable of successful global operations and bringing a number of new, innovative MultiValue products to market :

-  **jBASE International:** MultiValue Database & Development Tools
Data at Rest Encryption (DREM)
Advanced client server API (jRCS)
-  **BlueFinity International:** .NET Tools for MultiValue
MultiValue & Microsoft .NET Integration (mv.NET)
Reporting Services Functionality (mv.RSDC)
SQL Server Data Integration (mv.SSIS)
-  **SC Systems:** Rapid Application Development & Conversion Tools
System Builder Conversion Tools (OSMOSIS)
-  **BAS International:** Application Development

Mpower1 is committed to offering MultiValue customers complete solutions by continuing their investment and commitment to forward thinking products and organizations that enable increased connectivity and flexibility.

Along with the successful MultiValue organizations, Mpower1 has also 'Mpowered' businesses in industries as diverse as document distribution, haulier support and energy harvesting technology and continues to seek investment opportunities across the globe.

What is Business 'Mpowerment'?

Business 'Mpowerment' with Mpower1 provides the growth you want without the risk, cost burden or any question over losing control of future markets.

Mpower1 has been able to 'Mpower' existing management, businesses and markets providing across the board development that goes far beyond a financial investment.

Mpower1 provides an infrastructure that incorporates investment, management, support, sales and all other aspects of a successful business operation to companies looking to expand into new markets, achieve exponential growth, consolidate an existing position or recover from a challenge.

Proven track records in company set up, sales and business development are combined with extensive knowledge of international markets.

This is supplemented by a network of contacts with familiarity and understanding of local business practices in many countries world-wide.

The executive team at Mpower1 has replicated this model time after time with companies of all sizes.

"In 25 years of business the best decision I have ever made was to tie up with Mpower1."
Connect360 Limited

"With hindsight, I would most definitely enter into the same arrangement again with Mpower1."
BlueFinity International
